## Stony Brook University

### Google Apps for Education Certified Trainer Cluster - 9 Credits\*

New Cohorts Starting in March 2016

When: March 2016

Where: Suffolk's Edge Teacher Center

31 Lee Avenue, Wheatley Heights

#### **Stony Brook University's Google Apps for Education Certified Trainer Cluster**

- The purpose of this cluster of courses is to help students become experts integrating Google Apps for Education within the curriculum and into educational environments. Tuition is very reasonable and less expensive than taking classes on campus.
- The courses will also prepare students and have them apply for the ultimate Google educator's goal- becoming a Google Certified Trainer.

To Register for a cohort or for additional information  
contact SETC at 631-595-6810 or email
